G. BENEDIKT Tradition since 1882

In 1882 the foundation stone of the porcelain factory had been laid in the town of Karlovy Vary. One of the currently largest porcelain factories in the Czech Republic focused mainly on the production of hotel porcelain.

As time went by, the porcelain factory found skillful colleagues in Austria and Switzerland. Therefore today, with Lilien Austria and Suisse Langenthal, we have created the "G. Benedikt Group".

What Makes G. Benedikt Hotel Porcelain different?

You can simply rely on the porcelain dishes made by G. Benedikt Group. It can impress not only with its design, but also with its characteristics that will withstand the extremely demanding gastronomy environment.

Highly durable porcelain

Against impacts, thermal shock and detergents. It can easily withstand the microwave oven and the automatic dishwashers.

The lasting beauty of all the patterns
There is no question of fading or scratching.
All of our patterns are without any exception under glazed.

Economical storage and transport
G.Benedikt collections are designed to make your operations as easy as possible.

Serial and custom production
Please contact us here at Brodericks if you are considering decorating your porcelain with a logo or a custom decoration.

ADVANTAGES OF HIGH-QUALITY PORCELAIN

Balanced construction guarantees porcelain 3x - 4x higher mechanical resistant

Thanks to in-glazed decoration all colours will remain equally saturated and expressive.

You can safely use porcelain in microwave ovens - as often as you want.

It is 100% sanitary safe. Meets the strictest hygiene standards

Special porcelain shaping saves space during storage and your nerves during transport.

Automatic dishwasher are no problem for our porcelain.

When something breaks, there is no need to panic. The items can be continuously supplemented and expanded.

From the freezer straight into the oven. No worries about thermal shocks with our porcelain.

CUSTOMISE YOUR PORCELAIN

Brand recognition is more important than ever and here at Brodericks we want to help you get noticed, through the process of customising your crockery range.

Design isn't just restricted to your company's logo, it can incorporate colours and designs which may link in with many other features such as your establishment's décor, aspects or features of your Brand itself, helping to promote Brand recognition.

To decorate porcelain we use decals, spraying and hand painting, which allows us to create any

customisation on request. With almost unlimited colour combinations. All decors are in-glazed, which guarantees their lasting beauty allowing for everyday use.

Working with our partner G. Benedikt, having 130 years of experience in designing and creating bespoke crockery, we hope to bring your design wishes to reality. Creating a unique crockery concept for you which will give your business its own talking point and boost your Brand recognition. With an amazingly low MOQ of only 200pcs of mixed items.

WHAT WE REQUIRE FOR QUOTATION

- Picture of Logo / Design in PDF or AI Format.
- Your preferred placement within the piece.
- List of items & quantity per item.

LENGTH OF TIME TO PREPARE THE CROCKERY

- 2 weeks for preparation of physical sample.
- Upon sample approval 6 weeks for production.

The mint julep cocktail has always been traditionally served in the julep cup – again this would be made out of silver, again to show wealth but also to ensure the cup can be properly frosted for the best drinking experience. Our own julep cup is modelled on the original design with the single lip around the top, although ours are made out of a beautifully finished stainless steel rather than silver! This of course ensures good value for money with the Julep cups maintaining their quality and shine despite many a customer and many a wash.

RECIPE FOR MINT JULEP

- 6 cl Bourbon whiskey
- 4 mint leaves
- 1 teaspoon powdered sugar
- 2 teaspoons water

In a Julep Cup gently muddle the mint, sugar and water. Fill the glass with cracked ice, add Bourbon and stir well until the glass is well frosted. Garnish with a mint sprig.

Know Your COLOUR CODED CLEANING EQUIPMENT

The Purpose of Colour Coding is to ensure procedures are in place to prevent Cross-Contamination. This is achieved by segregating equipment in an easily identifiable manner, and by utilising visual references such as colour to prohibit Cross-Contamination. The colour coding system is applied by designating a particular colour scheme to cleaning products as well as food preparation products and processes.

RED

High risk areas
such as Toilets and
Washrooms floors

BLUE

General Low
risk areas where
there is less
risk of bacterial
contamination

GREEN

General Food
Preparation,
Catering
and Bar areas

YELLOW

Kitchen
and Food
Preparation
areas

TO SUCCESSFULLY UTILISE THE COLOUR CODE SYSTEM INTENDED TO PREVENT CROSS-CONTAMINATION

- Colour coding will have to be implemented in Induction training for new staff
- Continual training for staff already introduced to the procedures will need to be maintained
- Monitoring your colour coding system regularly to ensure it remains effective is essential
- Cleaning should be started in the least contaminated / cleanest areas to maintain a high level of efficiency, and the lowest level of contamination
- Colour coded Products include:
 - Knives • Chopping boards • Food Storage Containers • Food Serving Tongs • Aprons
 - Cloths • Mops • Mop Buckets • Brushes • Deck Scrubs • Squeegies • Gloves • Bins •

SYR INTERCHANGE SYSTEM

SYR's Unique range of handles can be used to fit a Multitude of cleaning products. The SYR interchange handle range allows tools to be swapped easily onto the same handle, this means less items to carry and one handle does it all.

LOOK OUT FOR THE SYR INTERCHANGE COMPATIBLE LOGO

this ideNtifies a Ny syR pRoduct which has a N iNteRcha Nge fit ti Ng.

SYR INTERCHANGE HANDLES & FLAT MOPS

Working Together to Maximise Your Brands Potential with Bespoke Printing

Get Your Brand Noticed

Brodericks recognise that brand is an integral part of your business and has a significant impact on the value of your company. That is why we offer bespoke printing services on a range of products – creating private labels which will help you build brand memorability in your marketplace.

Working with SYR we can personalise products using a logo, slogan or message of your choice, with a range of colour options. We also provide PDF proofs to ensure you are 100% happy with your design choice before production.

For more information please contact us:

TURN A SMALL AREA INTO A HIGH PRODUCTION KITCHEN

- Flexible cooking platform adapts for endless possibilities
- All cooking energies are adjustable
- Increase Menu options
- Cut Energy Costs
- Eliminate need for pre-cooking and holding
- No need for costly ventilation
- Fast cook times -High Quality results
- Gold Standard results in a fraction of the time
- Turn more tables increase revenue and Profits

Truly innovative and highly advanced, the XpressChef accelerated cooking oven helps you to produce excellent cooking results using less space and less time. Perfect for quick service environments by combining the speed of microwave cooking with high quality forced air convection, meaning food is piping hot and deliciously crispy. Giving you the flexibility for a wide range of menu options, whilst the built-in Wi-Fi or USB connectivity ensures quick loading of your latest recipes.

Ensure peace of mind with Brodericks Comprehensive Maintenance Contracts. Brodericks team of service engineers are all factory trained by the equipment manufacturers. They are strategically located to offer rapid response anywhere in the country.

SERVICE COMPLETE MAINTAINCE CONTRACTS

WHY CHOOSE BRODERICKS?

- We offer a 32 county 7-day service on all ranges of equipment.
- We directly employ 24 service engineers who are regionally based to offer a quick response to emergency calls country wide.
- Our catering and refrigeration engineers are fully trained across the range of equipment.

WHEN YOU TAKE OUT A SERVICE CONTRACT WITH BRODERICKS YOU CAN EXPECT:

- Twelve-month service contract.
- One/Two preventative maintenance visits annually.
- All equipment stripped down and inspected.
- P.A.T. Testing.
- All parts covered to an agreed limit.
- Unlimited Service call-outs.

Our Refrigeration and Catering Service Engineers are supported by dedicated job controllers who ensure jobs are efficiently managed. In addition, we have dedicated spare parts purchasing officers who ensure we have the parts on hand to support our engineers. All of these are supported by the service management team.

STATE OF THE ART SERVICE WITH OUR PROTEAN FIELD SERVICE MANAGEMENT SYSTEM

Nowadays having the skills to repair your equipment is a given. At Brodericks we go a step further with our job management system providing the following:

- Customers can log jobs themselves on to our system via the Internet.
- Paperless streamlined job management. Jobs are recorded on mobile devices and job dockets are emailed immediately on completion of work.
- Equipment register detailing all your equipment at the touch of a button.
- Parts stock control - by knowing our customers equipment, we can quickly order the correct parts.
- Customer web portal - easy to access past job dockets, invoices and equipment asset lists with job history.
- Efficient resource planning of our engineers ensures fast response times.
- History of each piece of equipment allows our engineers to see what might be causing an issue - faster diagnosis of faults.

In short, our engineers are not bogged down with paperwork and administration, they are freed up to do what they do best, keep your equipment in good working order.

CONTRACT BRODERICKS TODAY TO LEARN MORE ABOUT HOW WE CAN HANDLE ALL YOUR SERVICE NEEDS, LET US TAKE AWAY THE UNCERTAINTY AND HEADACHE OF MANAGING AND MAINTAINING MULTIPLE EQUIPMENT ASSETS.

CUSTOMISE YOUR PORCELAIN

Brand recognition is more important than ever and here at Brodericks we want to help you get noticed, through the process of customising your crockery range.

Design isn't just restricted to your company's logo, it can incorporate colours and designs which may link in with many other features such as your establishment's décor, aspects or features of your Brand itself, helping to promote Brand recognition.

To decorate porcelain we use decals, spraying and hand painting, which allows us to create any

customisation on request. With almost unlimited colour combinations. All decors are in-glazed, which guarantees their lasting beauty allowing for everyday use.

Working with our partner G. Benedikt, having 130 years of experience in designing and creating bespoke crockery, we hope to bring your design wishes to reality. Creating a unique crockery concept for you which will give your business its own talking point and boost your Brand recognition. With an amazingly low MOQ of only 200pcs of mixed items.

WHAT WE REQUIRE FOR QUOTATION

- Picture of Logo / Design in PDF or AI Format.
- Your preferred placement within the piece.
- List of items & quantity per item.

LENGTH OF TIME TO PREPARE THE CROCKERY

- 2 weeks for preparation of physical sample.
- Upon sample approval 6 weeks for production.

CUSTOMISE YOUR PORCELAIN

Brand recognition is more important than ever and here at Brodericks we want to help you get noticed, through the process of customising your crockery range.

Design isn't just restricted to your company's logo, it can incorporate colours and designs which may link in with many other features such as your establishment's décor, aspects or features of your Brand itself, helping to promote Brand recognition.

To decorate porcelain we use decals, spraying and hand painting, which allows us to create any

customisation on request. With almost unlimited colour combinations. All decors are in-glazed, which guarantees their lasting beauty allowing for everyday use.

Working with our partner G. Benedikt, having 130 years of experience in designing and creating bespoke crockery, we hope to bring your design wishes to reality. Creating a unique crockery concept for you which will give your business its own talking point and boost your Brand recognition. With an amazingly low MOQ of only 200pcs of mixed items.

WHAT WE REQUIRE FOR QUOTATION

- Picture of Logo / Design in PDF or AI Format.
- Your preferred placement within the piece.
- List of items & quantity per item.

LENGTH OF TIME TO PREPARE THE CROCKERY

- 2 weeks for preparation of physical sample.
- Upon sample approval 6 weeks for production.
